

YOUNG EUROPEAN STATISTICIANS WORKSHOP (YES-I)

8-10 October 2007, Eindhoven, The Netherlands

At Eurandom (Eindhoven, The Netherlands), a workshop will be held on "*Shape Restricted Inference*", especially aimed at young researchers in statistics. The event will take place on October 8, 9 and 10, 2007.

Three well known researchers in the field (Lutz Duembgen, Guenther Walther and Jon A. Wellner) will give presentations focusing on asymptotics, algorithms and testing respectively. Moreover, young statisticians are encouraged to give a presentation themselves for the audience consisting of other young statisticians and senior researchers. There is no registration fee.

More information on the workshop can be found at

http://www.eurandom.tue.nl/workshops/2007/YES_1/YES_1_main.htm

If you are planning to come, please register via that page.

If you have students for whom this workshop might be interesting, please send this announcement to them.

We hope to be able to welcome many young statisticians at this workshop.

On behalf of the organizers of the workshop,

Lucienne Coolen
Workshop officer
