

8TH GERMAN OPEN CONFERENCE ON PROBABILITY AND STATISTICS

RWTH Aachen University, Germany, 4-7 March 2008

Online registration is available now via the conference website <http://gocps2008.rwth-aachen.de>. A preliminary schedule can be downloaded as well.

Continuing the series of Conferences in Marburg 1993, Freiberg 1996, München 1998, Hamburg 2000, Magdeburg 2002, Karlsruhe 2004, and Frankfurt 2006, which have become the major events in probability and statistics in Germany, the DMV-Fachgruppe Stochastik jointly with the RWTH Aachen University organizes the 8th German Open Conference on Probability and Statistics ("Aachener Stochastik-Tage 2008").

In the tradition of the previous conferences, it provides an international forum for presentation and discussion of new results in the area of probability and statistics. Participants from universities, business, administration, and industry are welcome.

Sections: Stochastic Analysis; Limit Theorems and Large Deviations; Stochastic Geometry, Spatial Statistics, and Image Analysis; Random Discrete Structures and Analysis of Algorithms; Stochastic Processes: Theory and Applications; Time Series and Statistics of Stochastic Processes; Curve Estimation; Asymptotic Statistics; Stochastic Optimization and Operations Research; Data Analysis and Multivariate Statistics; Stochastic Models in Finance and Insurance; Statistical Methods in Finance and Insurance; Econometrics and Risk Analysis; Stochastic Models in the Natural Sciences; Statistics in Medicine and Biosciences; Stochastic Methods in Engineering

Plenary speakers will be **Narayanaswamy Balakrishnan** (McMaster University, Canada), **Steven N. Evans** (University of California at Berkeley, USA), **Frank den Hollander** (Universiteit Leiden, The Netherlands), **Eva Riccomagno** (Università degli Studi di Genova, Italy), **Aad van der Vaart** (Vrije Universiteit Amsterdam, The Netherlands).

Invited section speakers will be **Dragan Banjevic** (University of Toronto, Canada), **Andrew Barbour** (Universität Zürich, Switzerland), **Rama Cont**

(Columbia University, USA), **Kjell Doksum** (University of Wisconsin, USA), **Paul Doukhan** (Université Paris 1 SAMOS and LS-CREST, France), **Franco Flandoli** (Università di Pisa, Italy), **Jean Jacod** (Université Pierre and Marie Curie Paris, France), **Geurt Jongbloed** (Delft University of Technology, The Netherlands), **Geert Molenberghs** (Hasselt University, Belgium), **Thomas Mountford** (Ecole Polytechnique Fédérale de Lausanne, Switzerland), **Bernt Øksendal** (University of Oslo, Norway), **Leonid Pastur** (B.Verkin Institute ILTPE, Ukraine), **Anton Schick** (Binghamton University, USA), **Wim Schoutens** (Katholieke Universiteit Leuven, Belgium), **Jonathan Taylor** (Stanford University, USA), **Johan Wästlund** (Linköping University, Sweden).
