

## **IBSIS 2008**

### **Prague, Czech Republic, 1-4 July 2008**

IBSIS-2008 is an international symposium sponsored by the International Society of Business and Industrial Statistics, focusing on quantitative aspects of Banking, Insurance and Finance, and important statistical issues relating to productivity improvement and decision-making in business and industry.

Many world leading quantitative financial analysts and industrial statisticians will be participating.

The symposium will be held in the beautiful medieval city of Prague, in the Czech Republic, during 1-4 July, 2008.

A one-day workshop on "Risk Management Theory and Applications: Extremes, Joint extremes, Copulae" will be presented by Wolfgang Härdle and Gerhard Stahl on 1 July.

The main conference on 2–4 July will provide a varied and stimulating scientific program of invited and contributed papers, and excellent opportunities for formal and informal exchanges.

Authors will have the opportunity to submit extended versions of their papers for publication in a special edition of the Society's journal, Applied Stochastic Models in Business and Industry.

To be put on the mailing list for further information, please complete the pre-registration form at [http://www.action-m.com/isbis2008/prereg\\_form.php](http://www.action-m.com/isbis2008/prereg_form.php).

I look forward to welcoming you to Prague in July.

Nick Fisher  
Director, IBSIS-2008
